REQUEST FOR WITHDRAWAL

Dear Sir:

I am requesting withdrawal in the above matter based upon insufficient instructions and communications from the client to adequately represent him. This firm represents Mr. Borgward in four pending patent applications, namely 09/508,794; 09/979,355; 10/240,503; & 10/487,957. The undersigned is separately petitioning for withdrawal as counsel for all pending cases, although this particular petition relates to 09/508,794.

Our corresponding German agent originally requested that we prosecute this application on behalf of Mr. Borgward. Mr. Borgward has not communicated with our German agent for several months, and therefore no instructions are possible. The lack of

communication with the client has made it unreasonably difficult for us to carry out effective representation. Please see the attached form PTO/SB/83 for details.

In addition and for example, the undersigned was forced to file, a response to the outstanding office action in this application, and it was filed on the 6 month time limit for response, which required both attorney time to prepare, as well as a petition fee for extension of time in excess of \$500. We filed this response late because we could not receive instructions for the response. In order to keep the Applicants rights alive, the undersigned had a response prepared and filed.

We have also had to file a response to a restriction requirement to keep Applicant's rights alive in pending patent application serial number 09/979,355, which also required an extension fee in excess of \$500, as we could not receive any instructions from the client.

I believe this request is being timely filed. Applicants have just filed the response to the outstanding office action referenced above, on the 6 month statutory bar date, and thus the Applicant will not be prejudiced by this withdrawal.

In accordance with MPEP §402.06, I am requesting withdrawal of the firm of Baker & Daniels, as well as all of the patent attorneys individually. The applicant and inventor has been notified of this request. The file will be returned to the inventor upon the granting of this petition.

As indicated on the attached form PTO/SB/83, please send all future correspondence to the attention of the Applicant as follows:

Glenn Rolus Borgward
Karl-Theodorstrasse 91
80796 Munich, GERMANY

However, please provide approval of this request for withdrawal to me at the address which has been of record.
